BELGRANO DAY SCHOOL

Curious minds, lifelong learners

**An institutional mindset that
drives us to continuously explore
new ways of teaching and learning**

MISSION

In the **spirit of Fac Recte**, we accompany each of our students as **they discover, develop, and fulfill their full potential**.

We educate autonomous, principled global citizens who possess creativity and critical thinking, and are committed to the construction of the common good.

We do so in a bilingual, digitally connected and global environment, centered on the individual and their holistic well-being.

We offer a wide range of opportunities that promote challenging and meaningful learning with an innovative approach.

KINDER EXPERIENCE

In an emotionally supportive, respectful and safe environment, we offer a holistic early childhood program that contributes to the development of habits, socialization, autonomy, independence, and creativity.

Bilingual education from early childhood.

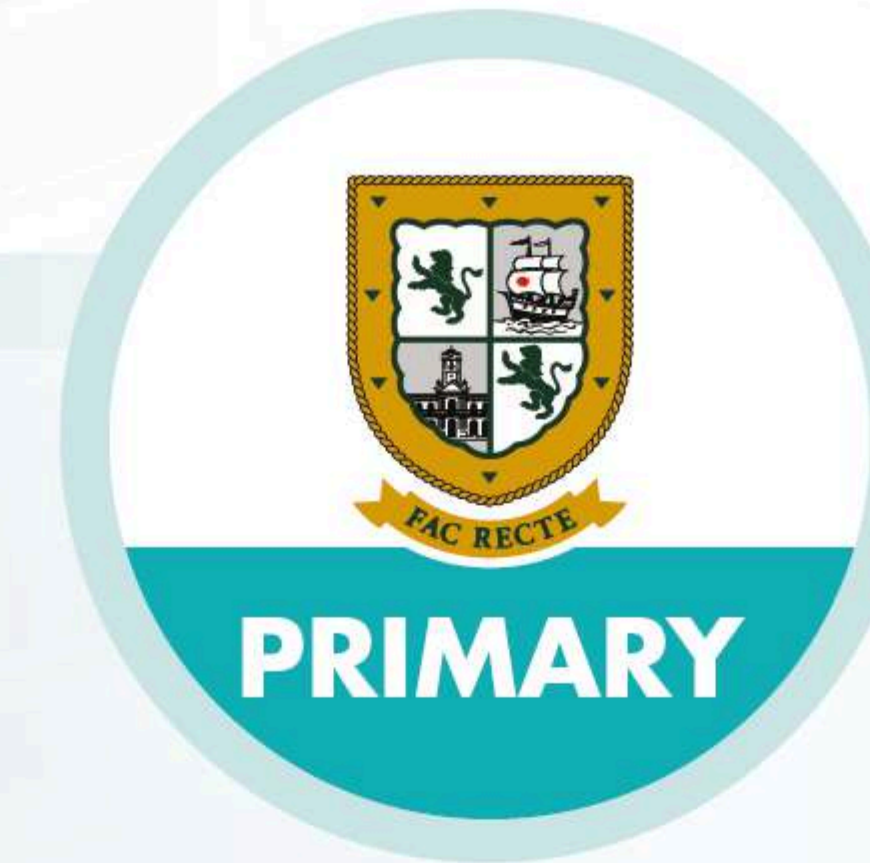

From **K1 to K4**, half-day program with the option of extended hours.
In **K5**, full-day program.

Two bilingual teachers per classroom.

Cambridge Early Years Programme.
Montessori environment in elective workshops.

Early literacy foundation: learning through play, reading through exploration.

An inspiring space for curiosity, confidence, and creativity.

PRIMARY EXPERIENCE

Our student-centered approach fosters the development of autonomy, as we provide knowledge and skills for lifelong learning.

Bilingual education and blended learning.

Full-day program.

Cambridge Primary Programme: Science, Maths, Global Perspectives, and English as First Language.

Virtual learning experiences and AI applied to learning.

Commitment to the planet:
Environmental Program and Green Schools certification.

Learning to be, learning to learn, learning to do, learning to live together.

MIDDLE & SENIOR EXPERIENCE

Our program strengthens academic autonomy, prepares students for global citizenship, and offers personalized learning pathways.

Bilingual full-day education program.

U.S. High School Dual Diploma Program (*Binational qualification*).

Cambridge International Exams (IGCSE, AS & A Levels) and IB Diploma Programme.

International study trips and exchanges that broaden perspectives.

High School Diploma in:
Economics and Administration
• Natural Sciences • Arts - Visual Arts (from Year 3).

Academic excellence delivered through diverse, global learning opportunities.

-  Art Atelier
-  Auditorium
-  Dining Hall (dedicated Kinder facilities)
-  Nurse's Office
-  "El Talar" Sports Campus (20 landscaped hectares)
-  Virtual Learning Environment

BDS TODAY

Digital Ecosystem and Blended Learning Model

The virtual classroom is **the core of our learning experience** and the main driver of pedagogical continuity. Rather than relying on a single platform, Belgrano Day School strategically integrates LMS platforms, specialized apps, international resources, and artificial intelligence to suit the pedagogical purpose of each learning experience.

Technology is not an end in itself; it is a flexible architecture that organizes content, learning experiences, assessments, and data to provide a coherent, visible, and meaningful follow-up of each student's learning journey.

This digital environment **does not replace in-person learning**; it amplifies and structures it, driving a shift toward increasingly personalized, hybrid, and intelligent learning models.

Global Education

We offer in-person, virtual, and blended global experiences through shared projects, exchanges, and encounters with schools, institutions, and experts worldwide, broadening horizons and building learning with a global perspective.

CROSS-CURRICULAR AREAS

WELLBEING & INTEGRAL DEVELOPMENT

Our team of professionals provides psychoeducational **guidance and fosters open dialogue between families and the school.**

PE & SPORTS

We understand physical education and sports as **central elements of a healthy lifestyle and well-being**, as well as key in shaping character and fostering habits of coexistence.

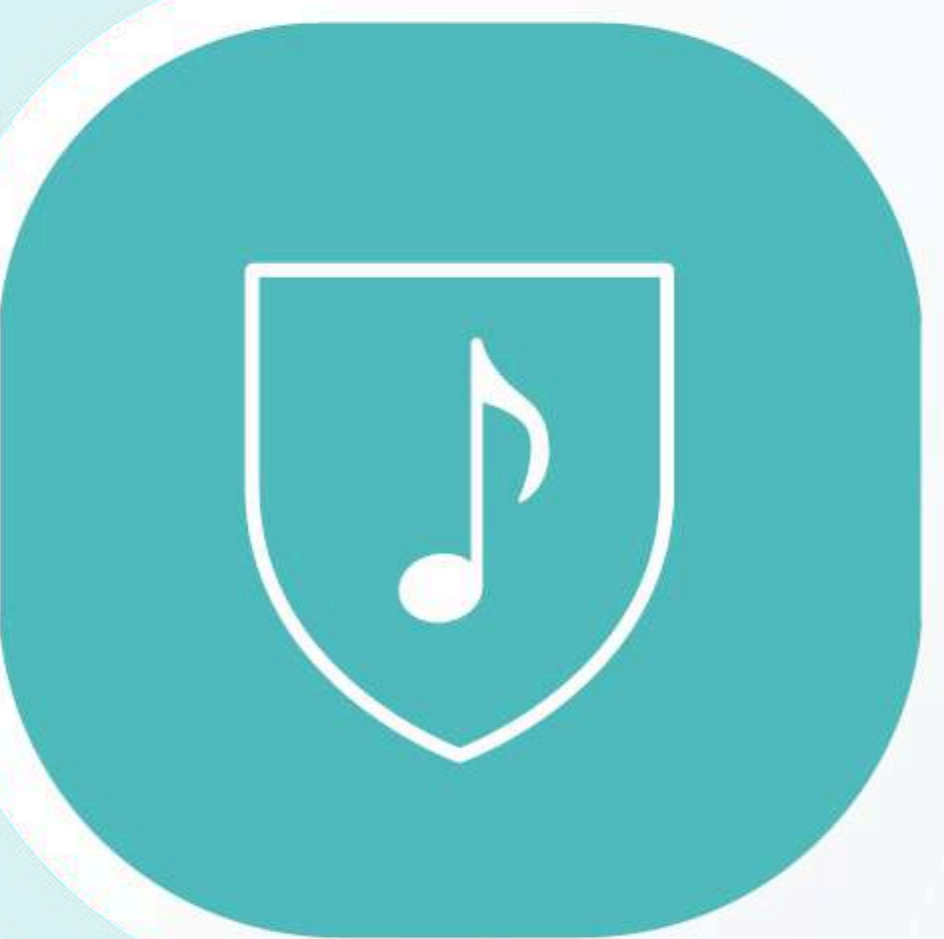

ARTS

Holistic education through aesthetic development. Students explore: **Visual Arts, Choir, Instrumental Practice, Music Academy, and the annual Play (theatrical and musical production) in each section.**

COMMUNITY SERVICE (BRIDGES)

We believe solidarity **connects us with others and helps us commit to our community and the world we share**. Through service, students cultivate compassion, empathy, and generosity as the foundation of a more just society.

MUSIC & ACADEMIA

A journey where each student explores, chooses their instrument, and develops their own musical path. Through ensembles and personalized lessons, **music is experienced as a space for expression, learning, and community.**

LIBRARY

An academic learning space for curiosity, critical thinking, and creativity that **promotes innovation through expert curation of digital and print resources.**

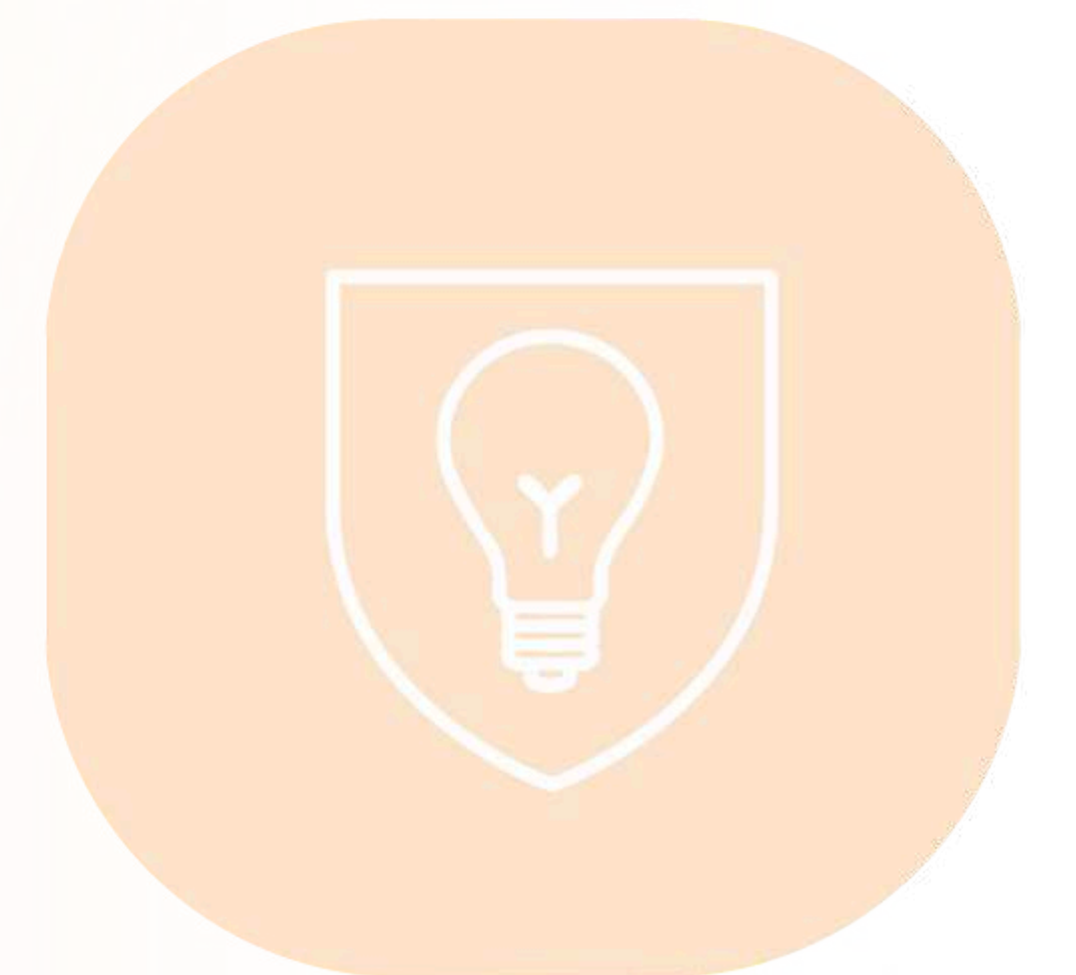

PASTORAL

We are a secular school inspired by Christian principles. **We provide an education grounded in universal values and an optional spiritual program (pastoral)** featuring religious education, mass, and sacraments.

RESEARCH & DEVELOPMENT

Anticipating the future of education by merging pedagogy, technology, and innovation to go beyond traditional school models and design flexible, personalized learning experiences.

Wellbeing at the heart of learning
